

Crank-handle

accessories

5190

Special features:

The crank-handle grip and the crank extension are made of glass-fibre reinforced synthetic material.

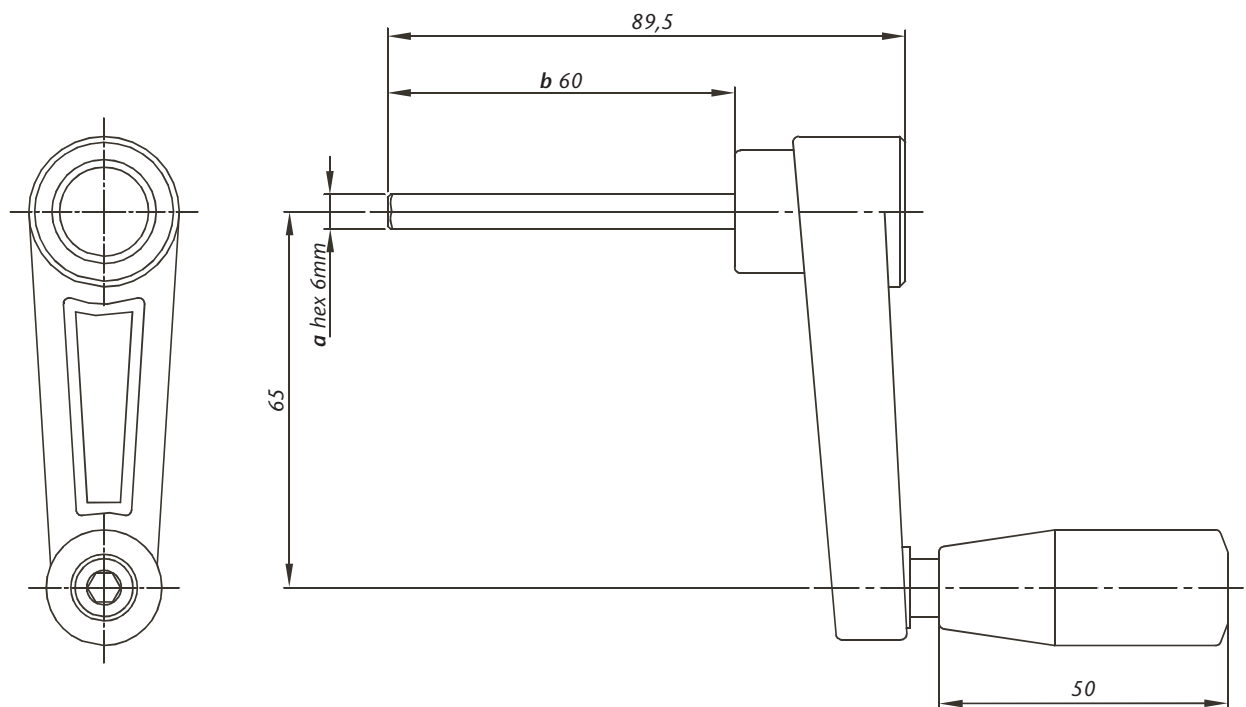

Description:

The crank-handle 5190 allows a fine adjustment. Furthermore it has an ergonomic shape and a modern design.

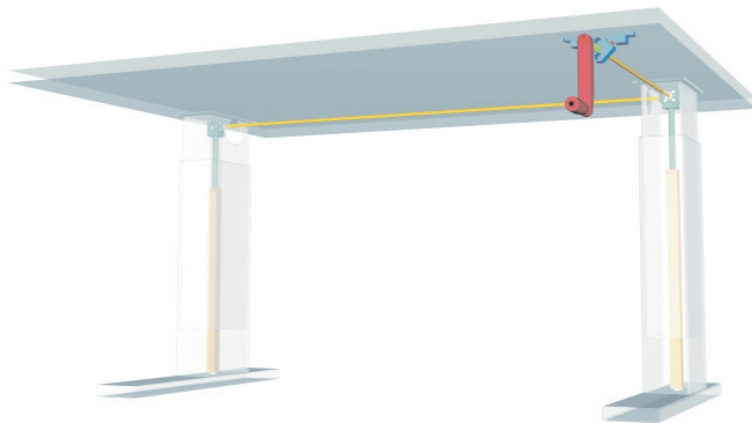

Customer specific:

The type and length of the hexagonal bolt as well as the colour of the crank body can be produced to customer specification.

Crank-handle 5190
