

Controls

accessories

Compact-3

Description:

A wide variety of accessories is available for our motorized product range. This consists of:

- various control boxes
- manual switches
- appropriate cables

Your supplement to the Ketterer lifting and drive systems.

Customer specific:

User specific control of your stepless height adjustment.

Special features:

- user friendly thanks to very simple operation
- can be used in conjunction with all Ketterer lifting and gear systems
- stroke and ratio can be programmed individually using desk switches
- simple mounting of desk switches

When used in conjunction with lifting and gear systems from Ketterer, this is the way to achieve an ergonomic workplace.
